

California Institute of Technology

upon recommendation of its Faculty has conferred on

Yoshiaki Daimon-Yagihara

the degree of

Doctor of Philosophy

in recognition of his attainments in science and in research as shown
by advanced studies in Electrical Engineering and Physics and by
investigations of charge transfer in charge coupled devices

In witness whereof, the seal of the Institute and the signatures of its Officers
are herewith affixed at the City of Pasadena, in the State of California,
this thirteenth day of June, nineteen hundred seventy-five

President

Chairman, Board of Trustees
