

"I wish to have Artificial Intelligent Self-Driving Car in 2033 at age 85.."

Who is responsible for an AI controlled self-driving car ?

The maker of the self-driving car ?

The owner of the self-driving car ?

Any person with a portable AI-installed smart-phone, either inside or outside of the self-driving car?

AI is just a computer software program.

Who is responsible for the AI software program ?
